

# Technical Rider / Stage Plot Robert Lottmann

## Robert's own audio gear:

- 8 channel mixer
- Mic for vocals
- E-Guitar + Chorus (Stereo)
- Cortex USB music player
- 2x stage monitors
- 1x LED Par bar

## - If Robert has all his own gear on stage (include loudspeakers):

- 1x 230V separated grounded power socket

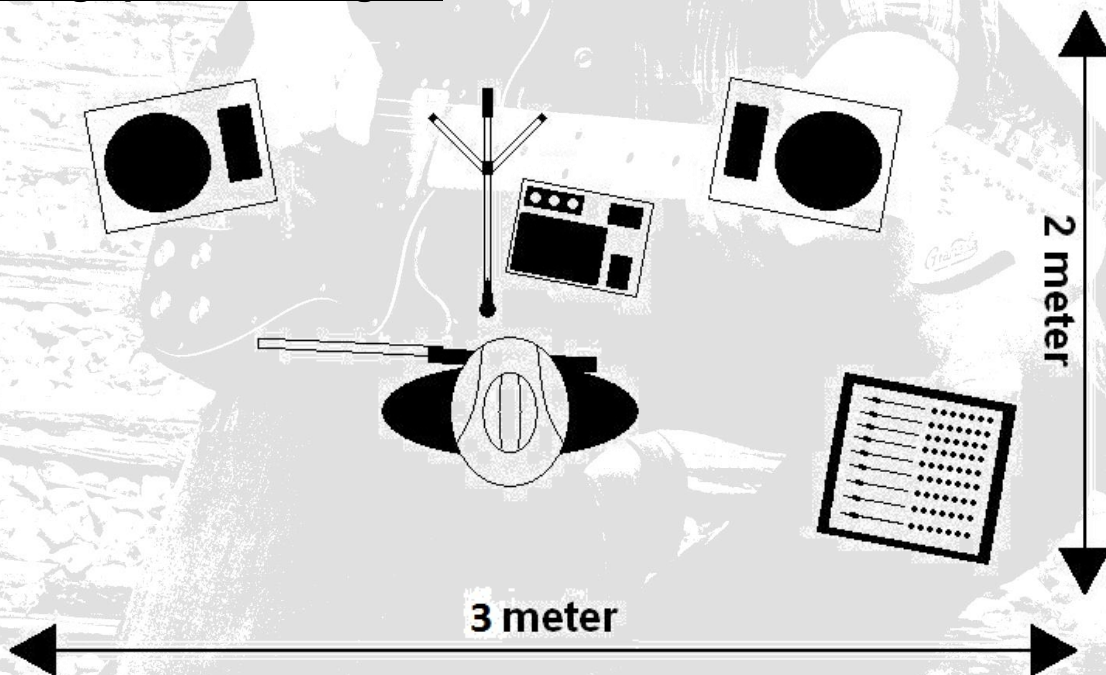

## - If Robert has all his own gear on stage (exclude loudspeakers):

- 2x Stereo XLR inputs to main PA (Pan: Left & Right. Settings: Zero/Nil)
- 1x 230V separated grounded power socket

## - If PA gear on stage is provided by Organizer:

- 1x Microphone
- 1 or even better 2 monitors (Stereo)
- 2x XLR inputs for E-guitar (Because Stereo Chorus)
- 1x 230V grounded power socket
- 2x cinch for USB Mediaplayer at technician who plays tracks "one by one"

## - Stage plot with full gear.
